

SUBMED DRAPE

SUBMED's SUBMED DRAPES are developed to not only meet standard needs but also individual preferences and requirements for each procedure. Easy Drapes come with combination of adhesives, layers, transparent films and non woven materials in order to provide the highest level of infection protect and barrier. Standard SUBMED DRAPES are available as listed below or you may have with your own tailor made solution.

Submed DRAPES

Plain Drapes

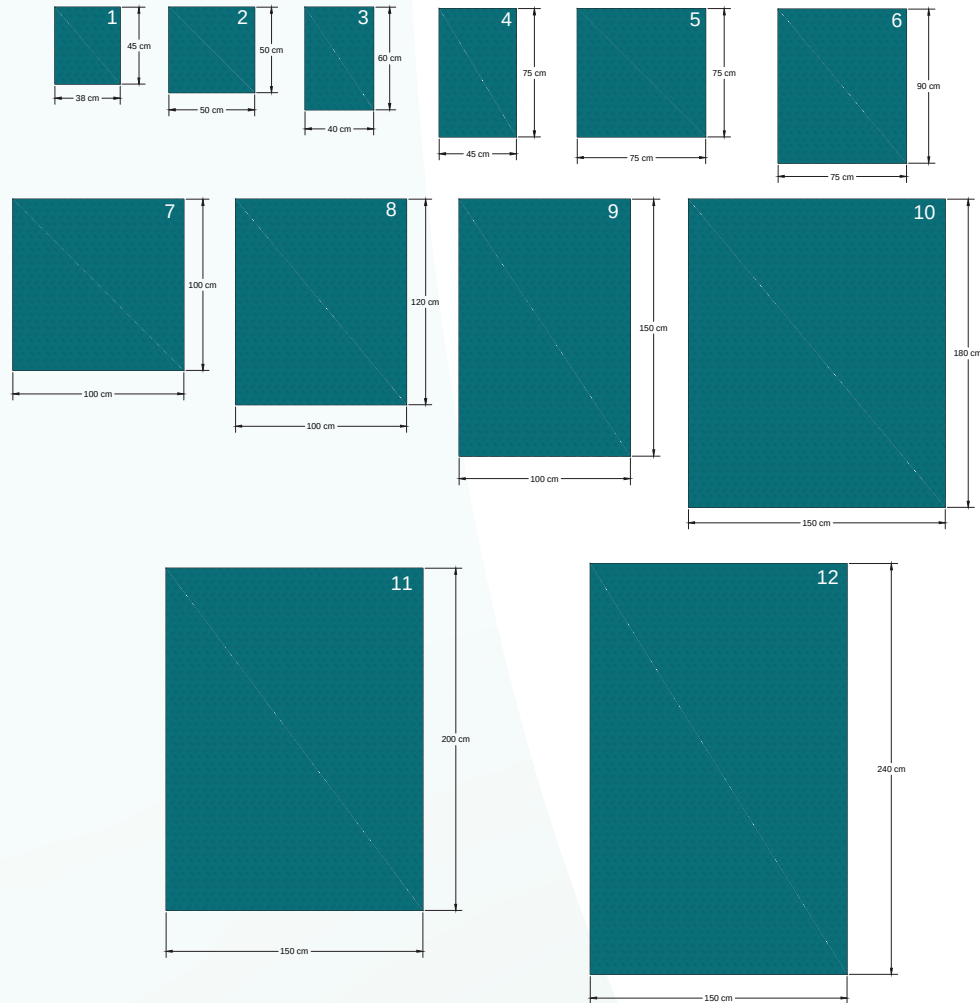

100% PP / Hydrophilic Spunbond
